Women Drivers!

By BERNARD KELLY

Della Walker looked up cautiously

at her husband as they waited to

cross the busy street. Was this the

time to ask about buying that dash-

ing automobile at Tremblay's? Bill

looked happy and peaceful. Yes, this

was the moment.

"Bill," she began as they stepped

off the curb together, "there's

been talk about women drivers

ever since I was a little girl. I

wish I could drive. I wish I could

drive a car. I wish I could drive

a car. I wish I could drive a car.

Synthetic Tires

Willstand Speedway Test Under The

Most Grueling Speed

In a statement made by Dr. W. H.

Luntin, President of the Firestone

Tire & Rubber Company, it was an-

nounced that synthetic tires made by his

company have successfully passed the

most grueling speed test yet con-

ducted on a high speed track. The

test was authorized by the U. S.

Government and conducted by the

American Automobile Associa-

tion. The test was run on the

Speedway, one of the most famous

motor tracks in the world. The test

was run on a track which is 1.5

miles long and has a maximum

speed of 100 miles per hour. The
